

**2016 PIONEER OF THE YEAR
DONNA LANGLEY**

The complete Pioneer of the Year Tribute Journal will be available for download on our website, www.wrpioneers.org/2016dinner.
Thank you to all our sponsors.

Renewable resources were used to produce this printed piece.
A donation will be made on behalf of Donna Langley and
the Will Rogers Motion Picture Pioneers Foundation
to American Forestry.

Welcome

On behalf of the Board of Directors of the Will Rogers Motion Picture Pioneers Foundation, thank you for attending the 2016 Pioneer of the Year Dinner. This is our 75th annual dinner, and this evening's honoree Donna Langley, is a most-deserving one.

The Pioneer of the Year award is bestowed upon an esteemed and respected member of the motion picture industry whose corporate leadership, service to the community and commitment to philanthropy is exceptional.

Tonight we honor a visionary leader, a proven champion of the motion picture art form, and a woman who gives tirelessly of herself to our industry and to philanthropic causes-Donna Langley.

The Pioneers Assistance Fund is the only industry program that provides both short-term and Quality of Life grants (long-term) to veterans of the motion picture industry who are encountering an illness, injury, or life-changing event.

Thank you for donating generously to our industry charity-hopefully you will never have reason to call on the Pioneers Assistance Fund, but should the need arise we will be here to help.

Please enjoy yourself tonight as we pay tribute to a true pioneer.

Jim Orr
President

Chris Aronson
Chairman of the Board

Pioneering Spirit

DONNA LANGLEY was named Chairman of Universal Pictures in September 2013. She oversees all aspects of Universal's production, marketing and distribution operations worldwide, including the studio's global specialty division, Focus Features.

Langley has been with Universal since 2001, starting as Senior Vice President of Production and subsequently serving as President of Production and Co-Chairman before her promotion to Chairman.

Under Langley's leadership, Universal has evolved to break numerous industry records, with 2015 marking the highest-grossing domestic, international and worldwide box office of any single year in any film studio's history. Last year became the first time any studio has had three films cross \$1 billion at the worldwide box office, with *Furious 7*, *Jurassic World*, and *Minions* all reaching that milestone.

During her 15-year tenure, Langley has reinvigorated and expanded some of the most lucrative and popular franchises in Universal's 104-year history. In addition to shepherding the seven films in the *Fast & Furious* series, which have grossed more than \$3.9 billion, and the five movies in the juggernaut *Bourne* series, she has presided over the studio's biggest and most profitable franchises. These include *Pitch Perfect*, *Despicable Me*, *Fifty Shades of Grey*, *Ride Along*, *The Purge*, *Meet the Parents*, *Neighbors*, *Ouija*, *Ted* and *Snow White and the Huntsman*.

She has also overseen diverse hits such as the Academy Award®-winning *Les Misérables*, *A Beautiful Mind*, *Ray*, and *King Kong*, as well as *Cinderella Man*, *Seabiscuit*, *Munich*, *Mamma Mia!*, *Knocked Up*, *Bridesmaids*, *Wanted*, *Safe House*, *Dr. Seuss' The Lorax*, *Mama*, *Lone Survivor*, *Lucy*, *Unbroken*, *Trainwreck* and *Straight Outta Compton*.

Langley began her career at New Line Cinema, where she served as Senior Vice President of Production before joining Universal in 2001. While at New Line, she worked on films including those that comprised the hit *Austin Powers* franchise, as well as *The Cell* and *Drop Dead Gorgeous*.

She was named *The Hollywood Reporter's* Executive of the Year in 2015 and has been regularly featured in the publication's Top 100 Women in Entertainment issue. Langley is an Ambassador for Vital Voices Global Ambassadors Program, a partnership between Vital Voices Global Partnership and Bank of America, and also serves on Vital Voices Board of Directors. She is on the advisory board of Chrysalis and was a key founder of *The Hollywood Reporter's* Women in Film Mentorship program. A voting member of the British Academy of Film and Television Arts and the Academy of Motion Picture Arts and Sciences, she serves on the Board of Trustees for the American Film Institute.

A native of the United Kingdom, Langley lives in Los Angeles with her husband and their two sons.

13 April 2016

**Congratulations Donna Langley and The Foundation of the
Motion Picture Pioneers —
What A Special Evening!**

NATO and CinemaCon are pleased to join the Will Rogers Motion Picture Pioneers Foundation in recognizing Donna Langley for her extraordinary leadership and dedication to the industry. We are pleased to support this evening's dinner in her honor, as exhibition and distribution leaders come together to celebrate the moviegoing experience.

The Pioneer of the Year dinner allows us to unite as an industry to raise money for a great cause. The Will Rogers Motion Picture Pioneers Foundation is a very important charity to NATO and CinemaCon, and we are thrilled to welcome Donna to the list of Pioneer of the Year honorees. Donna is the perfect recipient of this honor because her passion for charitable causes matches her passion for generating strong box office. The fact that Universal shattered many industry records in 2015 is just icing on the cake.

We look forward to continuing this great tradition in future years!

Congratulations, Donna

PIONEERS FOUNDATION**

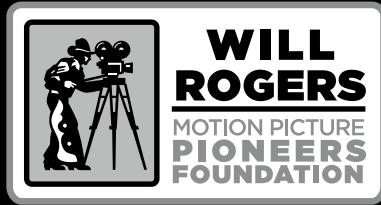

wishes to thank

**THE NATIONAL ASSOCIATION
OF THEATRE OWNERS
AND CINEMA CON**

for hosting the

2016 Pioneer of the Year Dinner

THE PIONEERS ASSISTANCE FUND
IS A PROGRAM OF THE WILL ROGERS MOTION PICTURE
PIONEERS FOUNDATION THAT PROVIDES ASSISTANCE
TO ELIGIBLE MEMBERS OF THE MOTION PICTURE
ENTERTAINMENT INDUSTRY (EXHIBITION,
DISTRIBUTION AND TRADE SERVICES).

Helping their own...

THE PIONEERS ASSISTANCE FUND has traveled a rewarding path since its beginnings in 1939 as a group of industry personalities who gathered once a year to meet old friends socially. The stated goal of the organization remains the same: "To establish a self-perpetuating fund to assist pioneers of the motion picture industry who find themselves in need; the assistance to consist of direct financial aid, medical care and temporary business subsistence during periods of unemployment and unfortunate circumstances to eligible applicants."

In 1951 the organization formalized its purpose, its meaning and its direction, and was determined to provide a helping hand to all veterans of the motion picture industry who needed financial aid and assistance.

The rest is history. Since that time, the Pioneers Assistance Fund (PAF) has used available funds to further its outstanding record of helping industry veterans in need of financial or medical aid. Understandably, many of the cases must be handled in a delicate manner and confidentiality is of the utmost importance. Often, concerned members of the PAF play a vital role in seeking out those who need assistance but who are not yet aware of this program, an effort through which Pioneers truly are helping their own. When an individual is identified as one in need of help, the Pioneers Assistance Committee moves into action, selflessly devoting hours into an investigation of the person's background and unique situation.

The PAF works in such an unassuming manner that its acts of quiet generosity are often hidden, eclipsed by the desire to maintain anonymity and preserve the dignity of those whom it helps. The PAF has sought little publicity and has shied away from the limelight. The appreciation of those in need is the most treasured reward possible, and the letters of thanks are most heartwarming.

The PAF wants all industry veterans who fall on tough times to know that they have a ready and efficient source of aid in times of emergency and distress.

Advocate Mentor Leader

Dear Donna,

Your professional accomplishments, including shepherding the motion picture industry into a year of record-breaking revenue and viewership, stand taller due to your steadfast advocacy for homeless and low-income individuals, and your pioneering spirit in support of women in developing countries. You have inspired us all, and are very deserving of the 2016 Pioneer of the Year Award. Congratulations!

Pioneers Assistance Fund

The Pioneers Assistance Fund (PAF) program provides financial assistance and supportive counseling for film industry veterans nationwide in trade services (IATSE), exhibition, and distribution who are experiencing hardship due to illness, accident or underemployment.

The PAF staff of skilled social workers is knowledgeable about agencies and services nationwide and is here to provide information, regardless of eligibility.

We also provide a variety of brochures and publications to guide members through life issues.

Social Service Consultations: When Life Is Challenging

HOW WE CAN HELP:

- Supportive counseling
- Health insurance Advice
- Elder care guidance
- Bereavement counseling
- Education
- Accessing free/low cost services in your area

We also provide local referrals for:

- Health care professionals
- Home health agencies
- Transportation services
- Low income housing
- Vocational counselors
- Attorneys
- Conservators
- Financial advisors

Whether you are in need financial assistance or not, call for a free and confidential consultation. All consultations are conducted with holistic regard for each person's unique emotional, medical, and financial status.

Assistance Programs: When Income and Assets Are Limited

SHORT TERM FINANCIAL GRANTS

Depending on eligibility, we can assist with financial grants that pay for unexpected medical costs and/or assistance with cost of living expenses. Visit wrpioneers.org for a full list of services, or call one of our social workers today to find out how we can help.

SALAH HASSANEIN MEDICAL GRANTS

Medical grants can pay for the following services (minimum of 5 years employment in the film industry):

- Dental
- Medical fee and co-pays
- Hearing aids
- Medications
- Psychotherapy
- Health insurance premiums
- Medical equipment

BERNIE MYERSON EMERGENCY GRANTS

Emergency grants can pay for the following (Minimum of 10 recent years of employment in the film industry):

- Rent and utilities
- Food and household necessities
- Moving expenses
- Burial or cremation fees
- Vocational assistance

THE TOM SHERAK PIONEER GRANT

Recently named after Tom Sherak, film industry icon and past president of the Will Rogers Motion Picture Pioneers Foundation, this grant provides long-term assistance for industry veterans with a minimum of 25 years in exhibition and distribution. Please call for eligibility of program guidelines.

Pioneers Assistance Fund

Be A Little Better Everyday

The PAF, in addition to providing short- and long-term assistance, is dedicated to encouraging everyone to feel the best they can by following the **5 Tenets for Living Well** by offering free educational brochures to the public. Please visit our website www.wrpioneers.org or call us at (800) 994-3863 to receive free educational brochures that can help you find balance in your mental, physical and financial health by integrating the 5 Tenets listed below.

- **Eat Smart:** Eat whole foods. Healthy eating starts with learning new ways to eat, like adding more fruits, vegetables and whole grains and cutting back on foods that have a lot of fat, salt, and sugar.
- **Keep Moving:** We know exercise improves cardiovascular health, builds muscle, and keeps us looking good, but research is showing that it also boosts brain health by sharpening our memory, improving cognition and even alleviating anxieties.
- **Manage Bad Habits:** You've heard it before, but quitting smoking and reducing alcohol can really improve your quality of life. We all have our vices, but science is discovering how we can effectively change long term habits and triggers that don't do us any good by understanding what makes us do the things we do. Get curious!
- **Keep Stress in Check:** We know you know that too much stress leads to poor health outcomes, but did you know that it can also accelerate the aging process, suppress our immune systems, and leave us feeling fatigued and depressed. Our brochures cover the gamut of stressful events in our lives—from long term health care, plans for retirement, and even end of life decisions. Empowering ourselves with knowledge can make our lives more manageable and hopefully, better.
- **Rest Well:** Adequate sleep is pivotal in a balanced, healthy lifestyle. Sleep plays a critical role in immune function, metabolism, memory and learning. Studies show that adults should be getting between seven to nine hours of sleep per night. With our busy lives, it's no wonder that sleep is not a priority—but research is revealing that we really can't afford not to pay attention to how much time we spend sleeping!

**“Eventually you will reach a point
when you stop lying about your
age and start bragging about it.”**

—Will Rogers

Brave Beginnings

Helping Premies Thrive

After nearly a decade of working with neonatal intensive care units (NICUs) across the country, the Will Rogers charity has created a program to contend with the tremendous challenge hospitals face daily: How to care for the large numbers of premature infants born in the United States every day. Each year in the United States, one in eight babies are born prematurely and up-to-date medical equipment can literally be a matter between life and death. In addition, many research studies are demonstrating that modern equipment is vital in supporting normal development for these precious premies.

In March 2015, our neonatal equipment grant program reached a significant milestone of providing over \$1 million in grants in a single year. To date, the program has awarded assistance to 80 hospitals, touched the lives of tens of thousands of babies, a total amount of more than \$3.9 million in grants to NICUs nationwide.

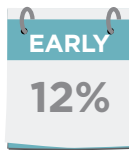

Starting in April 2015, all neonatal equipment grants will be administered through Brave Beginnings, a program of the Will Rogers Motion Picture Pioneers Foundation. We will work to ensure that ventilators and life-saving equipment is available to every hospital throughout the United States, so fragile newborns have a fighting chance.

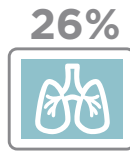

Premature birth is the leading cause of newborn death worldwide and accounts for 43% of all deaths in children under the age of 5. And the fact is that most communities across the United States have good hospitals—but not all have a NICU that can handle fragile premature births. Brave Beginnings has a mission to ensure that every hospital has the equipment it needs, so that every early arrival can survive and thrive.

Will Rogers: A History of Helping Our Own

Throughout the 1920s and 30s, tuberculosis (TB) was as familiar to vaudevillians as cold dressing rooms, drafty theaters and damp hotel rooms, all of which actually increased the spread of the disease. In 1927, the National Vaudeville Association (NVA) founded a lodge at Saranac Lake, New York, as a convalescent home for performers afflicted with TB. The lodge's mission was to treat TB patients as friends, not as the more typical outcasts.

Initially, the lodge prospered, but the growing severity of the Great Depression and the decreasing popularity of vaudeville created financial difficulties. In 1935, following the death of Will Rogers, the NVA transferred the lodge's responsibilities to the Will Rogers Memorial Commission, which was formed following the tragic death of the beloved humanitarian. The commission extended the services of the lodge to benefit everyone in the entertainment industry as a memorial to the man who loved all mankind. In 1936, the commission changed its name to the Will Rogers Memorial Fund and the lodge was named the Will Rogers Memorial Hospital.

An official declaration was written in May, 1936: "Henceforth it will be known as the Will Rogers Memorial Hospital, and it will become a permanent monument in memory of the

popular humorist-philosopher, as a haven for unfortunate members of the entertainment industry to which he devoted his life."

At this time the fund's Summer Theatrical public service announcements were launched in movie theaters nationwide. The first trailer featured stars including Shirley Temple, James Cagney, Humphrey Bogart, and Bing Crosby singing Will Rogers' favorite song, "Home on the Range."

By 1939, a small group of movie industry members would gather in New York at an annual luncheon. These social occasions took on a whole new meaning when the group announced its intent "to establish a self-perpetuating fund to assist pioneers of the motion picture industry who find themselves in need; the assistance consisting of direct financial aid, medical care and temporary business subsistence during periods of unemployment and unfortunate circumstances to eligible applicants." That small group formalized its purpose and in 1951 became the Foundation of Motion Picture Pioneers.

During the 1950s and '60s, the Will Rogers Memorial Fund expanded to create a teaching and training program for medical research at Will Rogers Memorial Hospital, marking the beginning of the Will Rogers Institute (WRI). Doctors and scientists were encouraged to study the complex problems associated with lung diseases, especially TB, and their work

led to results culminating in the discovery of a treatment for TB. As a result, the number of patients diminished, leading to the hospital's closure in 1975.

The Will Rogers Memorial Fund Board of Directors expanded the charity's activities through a nationwide preventive health education campaign in the '70s. The WRI was formally established in White Plains, New York, on the grounds of Burke Rehabilitation Hospital. The institute used Burke's resources, patient care facilities and laboratories for the next 20 years, until moving to Los Angeles to be in the heart of the entertainment industry.

The WRI spent the next five years supporting advancements in pulmonary research, reaching out to the public to promote health and wellness, and becoming more recognized within the motion picture industry. The connection between the Memorial Fund and the industry pioneers was solidified in 2002 when the Foundation of Motion Picture Pioneers merged with the Will Rogers Memorial Fund to create the most meaningful charity supported by the motion picture industry, the Will Rogers Motion Picture Pioneers Foundation (WRMPPF).

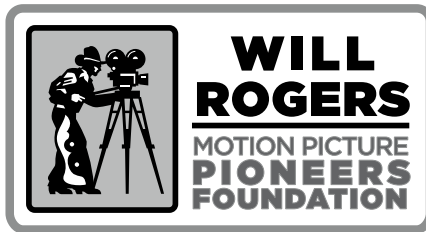

Today, the WRMPPF operates two distinct programs: the Will Rogers Institute and the Motion Picture Pioneers Assistance Fund. The WRI supports the research of debilitating lung disorders, provides medical school re-

search fellowships, distributes free health education materials and provides lifesaving neonatal ventilator equipment. The institute is one of the country's largest suppliers of public service announcements for television, cable and radio. Featuring celebrities from stage, film and television, these messages reinforce the Will Rogers Institute's complete involvement in pulmonary medicine and public information.

The Pioneers Assistance Fund continues the mission of the Foundation of Motion Picture Pioneers by helping individuals from the motion picture community who are ill, injured or experiencing major life changes. Our social workers provide confidential consultations and financial assistance to help individuals get back to normal lives and continue living with dignity.
